GLADIOLUS SEED FOR 1950

This is my first offering of gladiolus seeds. I intend to make a business of producing fine cross-pollinated seeds. Crosses have been made that I believe will produce some fine seedlings. Only strong healthy bulbs are used.

Following are the Glad crosses:

Elizabeth the Queen x Orange Gold
 Elizabeth the Queen x Spotlight
 Elizabeth the Queen x Daisy Mae
 Daisy Mae x Elizabeth the Queen
 Daisy Mae x Lovelace
 Daisy Mae x Spotlight
 Salman's Glory x Elizabeth the Queen
 Salman's Glory x Daisy Mae
 Beauty Blush x Spotlight
 Beauty Blush x Genghis Khan
 Wedgwood x Salman's Glory
 Wedgwood x Aureole
 Red Charm x Elizabeth the Queen
 Evangeline x Spic and Span
 Pandora x Evangeline
 New Era x Spotlight
 Lavendar and Gold x Daisy Mae
 Eureka x Snowsheen
 Spotlight x Dieppe
 Arthusa x Elizabeth the Queen
 Aureole x Spic and Span

These seeds are put in packets of 50. Price - \$1.00 per packet, 6 packets for \$5.00.

Please make second or third choice, or with your permission I will substitute a similar cross if I am sold out of the one you want.

I have a large number of crosses that did not produce enough seeds to include them in the above list. These are offered at 7 packets for \$5.00 as long as they last. These must be my choice and if you are not well pleased, return the seed and your money will be refunded.

I would appreciate any suggestions you make of crosses you would like to see made in Glads.

In the Fall of 1950 I hope to have a small amount of Outdoor Mum seed from crosses that have produced good plants. In 1952 we will offer a new strain of Delphinium seed of our own origination. If interested - write to me.
